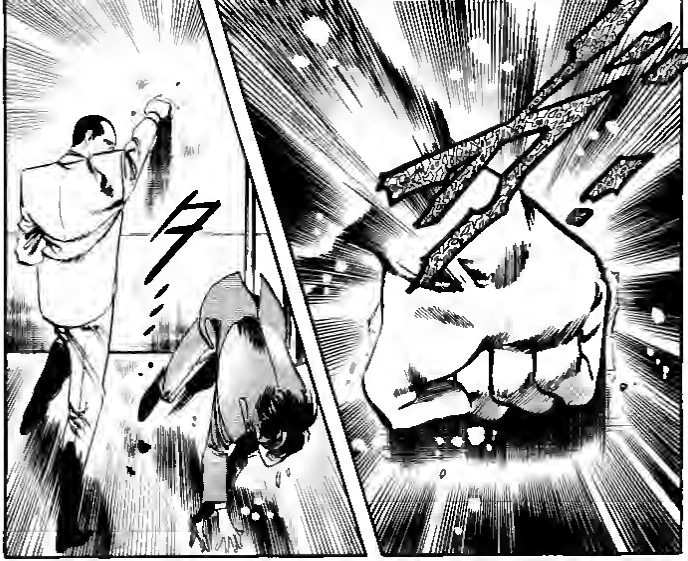
Lesson2
PARK
99...

Aim at the target, squeeze the trigger ...
and the target falls.

It was the shadow of the bullet I'd just fired.
However, something found its way into my heart that day.
Sometimes it feels like I can hardly move for all their weight.
Countless more have lodged themselves in there since...
Houma!
It's because of this weight that I can't ever forgive what you've done...

Lesson2
An Even More Dangerous Game ⑤



Fool!

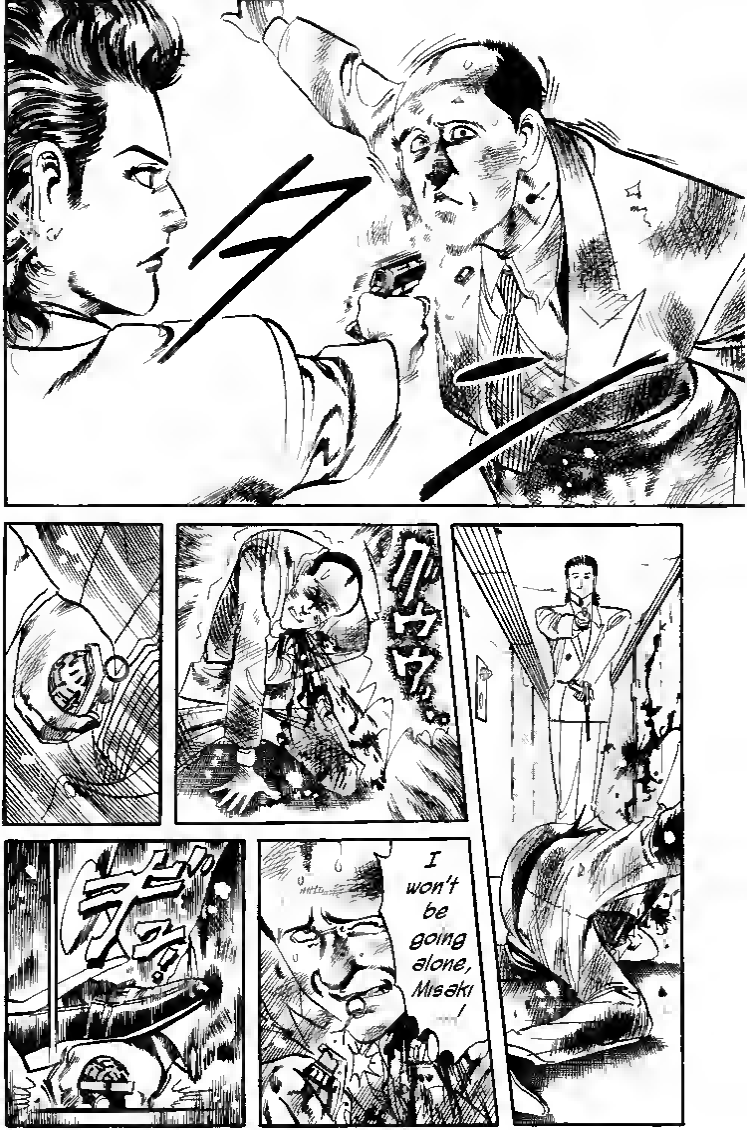
Did you seriously think a trick like that would work on me?

Shall I pluck out your eye-balls?
Where the hell are you even shoot-ing?!
Or should I go for your intestines first?
Or may-be I'll--

Just another shot added to the tally...
Keheheh... gonna take more than that to put me down.

Misaki Kaoru ...
Just get outta my damn way!
I don't know what just happened, but aren't you in quite a state?
I came down here to settle things with you.
A Luger P08 Artillery!

That long barrel won't help you at point-blank range!
What ?!



I won't be going alone, Misaki!

JE-
SUS!
Try not to forget that word on the way down to hell.

It's the name of the man I'm looking for...

Sorry. I, er... kind of got lost and fell down some stairs...

Fuji-sa-wa-sen-sei!

Yes sir!
Move in, and keep those eyes peeled!
You all right, sir?

. . . .
And so, the curtain fell on this most dangerous game.
But, though I didn't know it at the time, a new crisis was already drawing near...
